

New Adjustments to the Turkish Citizenship by Investment Program

Turkish Citizenship by Investment Program has been subject to new changes as of 2022. This citizenship program is one of the most advantageous aspects of investing in Turkey due to its efficient process and return on investment value. Here are the steps to investing in Turkish properties for citizenship as of 2022:

Pick the right investment in Turkey worth over 250K \$

Open a bank account in Turkey

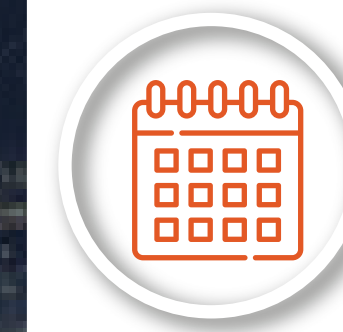

Send the purchase value in a foreign currency to the Central Bank of Turkey

Convert this foreign currency to the Turkish lira via the Central Bank of Turkey

Make the payment to the developer of the project

Keep your investment for a minimum of 3 years

Get Turkish citizenship and a profitable investment

THANK YOU
